01 — WHO WE ARE

Company Overview

RES Eco-Craft is a Bangladesh-based manufacturer and exporter of sustainable, handcrafted home décor, storage and lifestyle products made from natural materials.

Supported by more than 120 skilled artisans and employees and a network of three production facilities, we supply importers, wholesalers, retailers and private-label brands across Europe and the USA.

Every piece is shaped by hand — combining traditional Bengali craft skills with export-grade quality control, flexible customisation and dependable delivery.
